	As to the possibility of changes in paper stock, I assures me that a considerable amount of research has been accomplished in the selection of paper but with a completely open mind agrees that the but	<b>r</b>
	den of proof is withto come up with a paper stock having all the desired qualities.	25X1A9A
	2. In the afternoon saw and his first reaction was to hit the ceiling as to why anyone should question his N.I.S.	25X1A9A
	after the explanation of our position with regard to all agency functions and the role of Management with regard to utilization of funds, etc., he came back to earth. His first real objection was the figure	
	of time used as a basis for comparison, he disagreed with	li- ther stra- often l econ-
